Years

of building trust, partnership and
finding new ways to serve you better
with genuine quality products

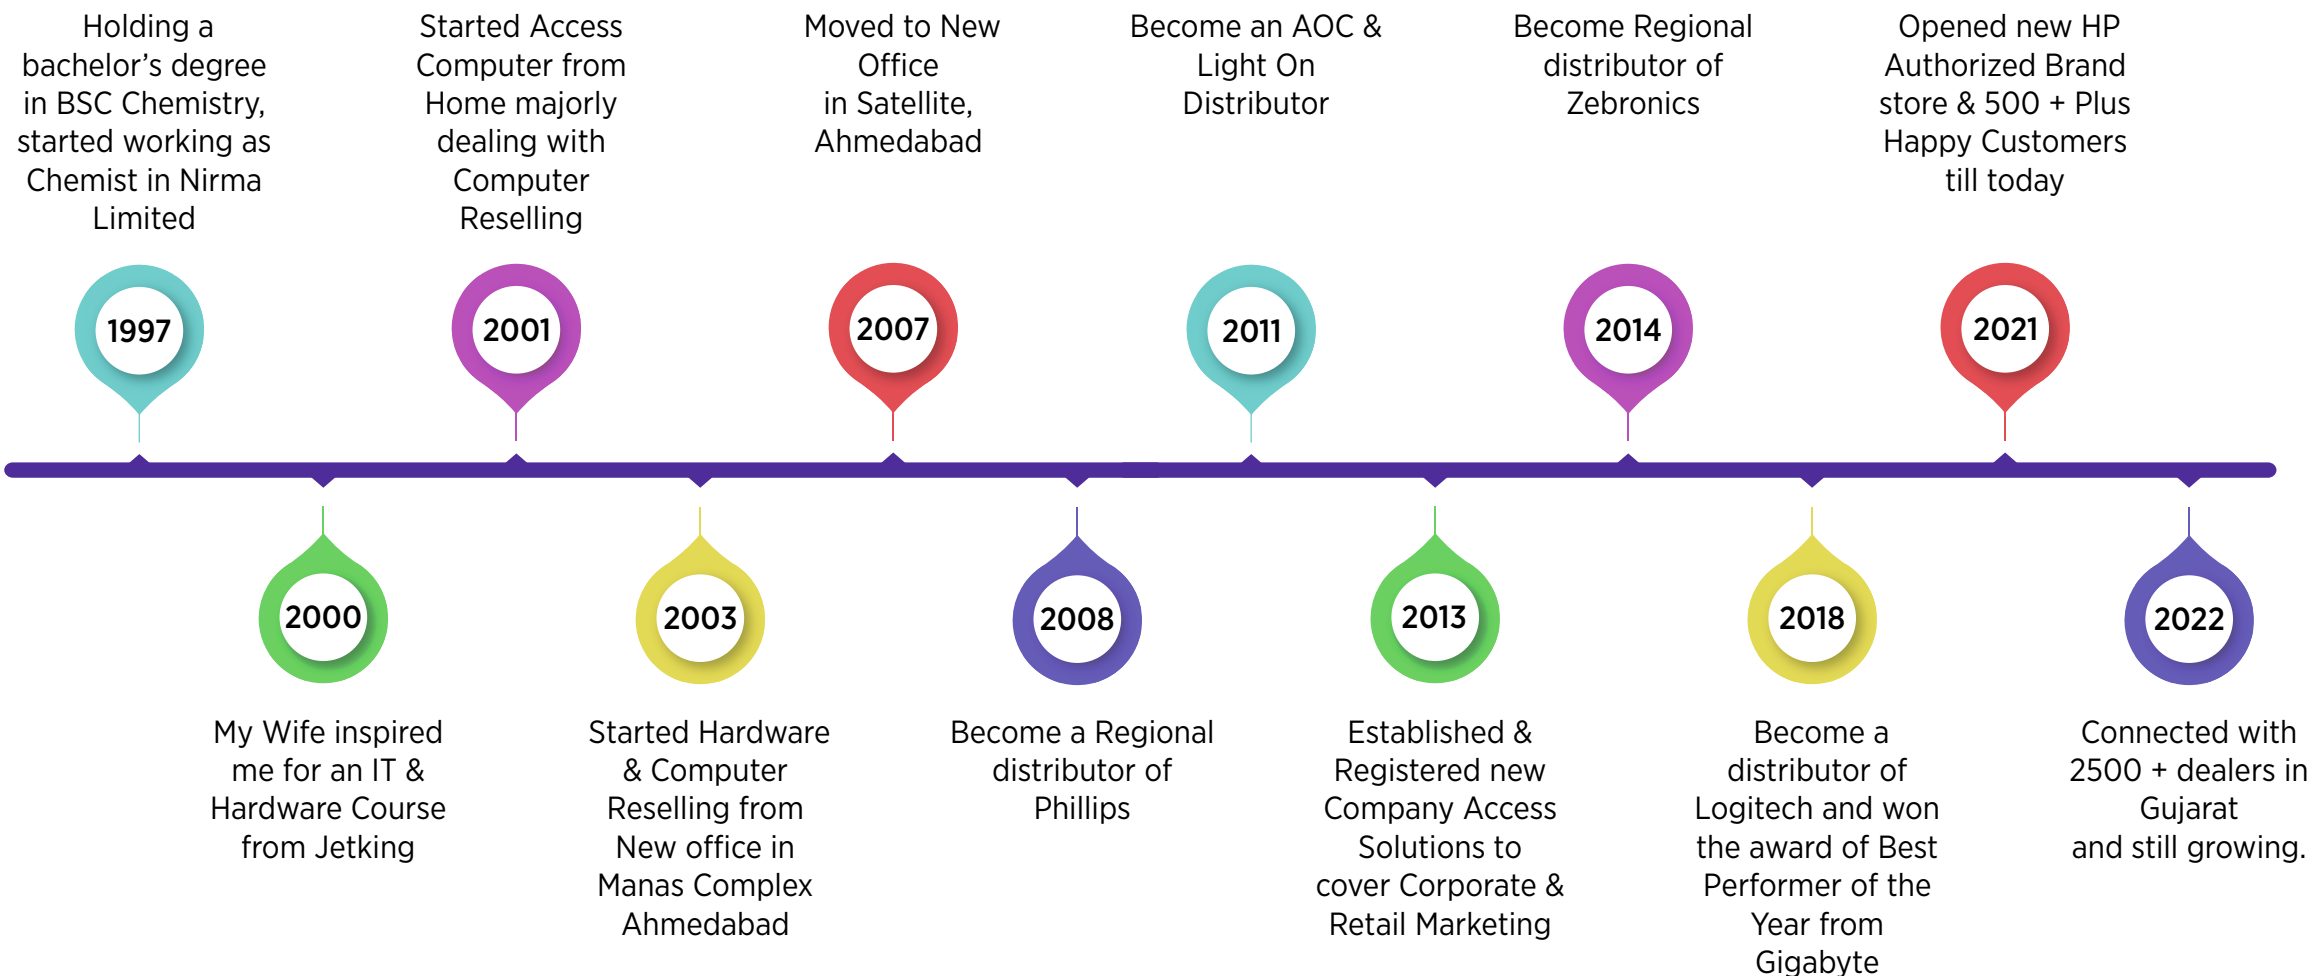

MITESH SHAH

Founder - 2001

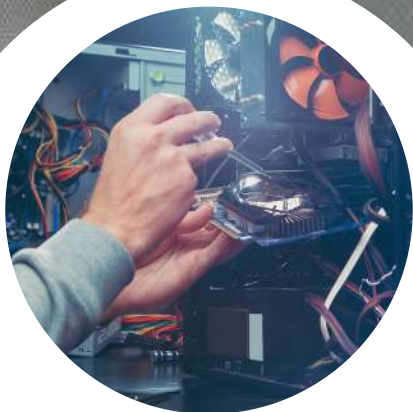

We are Access Computer, a leading distributor and supplier of a wide range of computers and related accessories. As professionals, we sell a wide range of computer equipments and provide maintenance services, with a major focus on the urban areas in Ahmedabad. In recent years, we have gained a good reputation for ourselves in the competitive industry. You can always rely on us in terms of receiving complete technical support and services, maintaining computers, laptops, printers, network, IT peripherals, security systems, and accessories. We have 22 years of experience in delivering the best solutions to our clients. Our professionals have a good name in the industry.

Our Journey

Service & Support

Repair Services

We are expert in repairing:

Laptops | Desktops | Printers

If you own an office or start-up, then you can easily avail the provision of getting the maintenance services in an all-in-one package. We locate and assess the issues of the devices and implement the most effective, result-oriented measures.

Installation Services

Do you have a requirement to install a certain IT peripheral or component? Are you finding it difficult installing a series of security devices? There is no need to worry!

We are here to provide the most authentic and efficient installation services. As professionals, we do not waste your time and resources.

Maintaining the Networking devices

You can also rely on our skills when it comes to thoroughly maintaining networking equipments and server.

We have extensive technical expertise in implementing the most effective solutions on this matter, without giving you any scope to complain.

Annual Maintenance Contract (AMC)

We provide AMC facility for smoother functioning of your IT infrastructure. It helps to save costs and streamline the process of availing our prolific support services for a wide range of devices and accessories.
